## How the Fast-Pass Works

*Propelling Nonprofits  
Empowering Volunteers*

**1. REACH OUT**

An organization invites a volunteer they have met, or a volunteer finds an organization they want to volunteer with.

**2. CREATE AN ACCOUNT**

Volunteers create their account and order their background check. Either the organization or volunteer can pay or the cost can be split. Both the volunteer and the organization receive a copy of the check.

**3. SHARE**

Once the check is complete, volunteers can share their check with other organizations on the platform. Organizations receive these checks for free. Verified Volunteers updates the check on a monthly basis for the entire first year, at no additional cost.

**4. EARN CREDITS**

When a check is shared, both the volunteer and the original organization can earn credits to use towards future checks. Up to \$8 is available per check in credits, depending on who pays.

## Our Common Currency
